

## Full Out 2

## Athletic Director

INT - ATHLETIC DIRECTORS OFFICE

**Start**

---

COACH KINDLER

You realize she is going to age out and she won't be able to compete in 2020.

ATHLETIC DIRECTOR

That's not our concern. She should have thought of that before she accepted our scholarship.

COACH KINDLER

Yes, she should have but she didn't. Alix, this is a once in a lifetime opportunity. Brenna is good enough to have a real shot at making the team.

ATHLETIC DIRECTOR

KJ I'm all for our athletes achieving their dreams, but only after we win championships. Our job is to win championships for OU. That's what we get paid for. Not just me, but you too.

COACH KINDLER

I understand and I'm all about winning for OU. But this is the Olympics that we're talking about, not just regional championship.

ATHLETIC DIRECTOR

Coach Kindler, may I remind you who pays your salary. It's not the US Olympic Committee; it's the athletic department at the University of Oklahoma. That's who we work for. That's who we are loyal to.

Coach Kindler nods in understanding.

ATHLETIC DIRECTOR (CONT'D)

I'm very touched that you are looking out for your athletes' that's what a good coach does. But it's more important that you look out for our school first. That's what you get paid for and that's where your loyalty needs to be.

Coach Kindler nods again.

ATHLETIC DIRECTOR (CONT'D)

We can't be letting our top athletes, who we are paying big sums of money to be here, just walk out the door mid-season and risk losing a championship because of it. That's not what a good coach does. And it's certainly not what I'm going to do. I'm sorry but this conversation is over.

COACH KINDLER

I understand. Thank you, Alix.

ATHLETIC DIRECTOR

One day you will thank me for this. It's a tough decision but it's the right one. Now go do your job and win us another Championship.
